## Comments Report

## 5. Open Ended

5.1) The instructor (please comment on questions 4.1-4.5 above)

- It was an absolute pleasure to have had Melissa as a Spanish teacher. She really wants the class to learn and she is enthusiastic and passionate about her teaching. She really challenged the class to only speak Spanish throughout the entire class, and was one of the nicest teachers I have ever met. Because she made a strong connection with the class, it made us want to succeed in the class not only for our own benefit but also we were motivated to make her proud. She is definitely one of my favorite teachers I have had at Ohio University.
- Melissa had every class planned out and used every minute of each day. She loves teaching us Spanish and that makes it so much easier to learn when she is so energetic about it. Melissa wanted us to all learn Spanish and always encouraged us to ask questions and reassured us that we knew more Spanish than we thought we did. She always speaks Spanish, but when we are confused, she will clarify in English to help us understand. Melissa's teaching was effective, because she gave us helpful feedback on writing, was available in office hours, and really strived to clarify topics in class.
- Melissa is a very passionate and dedicated instructor. She clearly deeply cares about what she is teaching and about each individual student. She is very willing to help students outside of class if they have questions or are struggling.
- Melissa is one of the best professors that I have had at OU! She is always excited to come to class and is more than willing to help students with whatever they need. I love how passionate she is about teaching and she put in a lot of effort to make sure we got as much out of this course as possible.
- Spent the majority of all classes speaking English, but would switch to Spanish if necessary when the concept was not fully clear to the class. This is definitely my favorite instructor I've ever heard.
- The instructor was so pleasant the whole course. She always made an environment that made me feel comfortable while learning even if I made mistakes. I feel like Spanish is learned through talking and she gave us so much time to interact with each other and talk and learn more. I feel more than prepared for the next courses and I am so glad I took this class with Melissa.
- The instructor was very helpful and well organized. She was always prepared with interesting, helpful activities to help us learn the language. She was always receptive of questions.
- was amazing!!! She absolutely cared about the course and the class. If anyone needed help she would stop and help them until they figured out the material. Very helpful and very enthusiastic every day of class

5.2) The course and the materials (please comment on questions 4.6-4.10 above)

- Although online assignments can be wonky or tricky or troublesome sometimes, I found that it really helped introduce lessons to me before going over them and solidifying them in class. The exams were appropriately challenging and tested on all information Melissa taught us. This course required a reasonable amount of homework, enough to help start learning new lessons. This class was one of the most fun I've ever taken. Everyone in class and Melissa were so ready to learn every day, it was awesome.
- The course and the materials worked well together. Everything we were learning could be found in the text.
- The course was not too hard, but just challenging enough that I felt my Spanish really improved. The stories that we read were interesting and made the class discussions interesting.
- This was definitely one of the most challenging Spanish classes I've ever taken, but it was like I was forced into learning the language and through all of that I realized that I'm learning more Spanish in this way than any other.
- we're challenging but the instructor helped to understand if any problems came up.
- were put together well. There were a few hiccups with super site but we addressed them right away and it was okay.

5.3) Self-Evaluation (please comment on questions 4.11-4.13 above)

- I feel like my spanish abilities definitely improved and I am more comfortable with the language.
- I generally did my homework, but supersite was extremely difficult at times. I attended class every day I could (besides the two times I was not in Athens). Although I realize I still have much to learn, my language skills improved greatly after taking this class.
- I think I did well in the course and my knowledge expanded immensely. I enjoyed the course very much.
- I went to class every day and did all of my homework, except one assignment that wasn't on the syllabus but was on the online website -- oops! Hehe! I believe my language skills, both writing and speaking, have improved greatly with Melissa's feedback and class interaction. I expect to receive an A in this class. I love Melissa and everyone in this class!
- I've learned more Spanish in this semester than any other class I've taken in the past.
- Most days, I put in as much effort as possible for this class. I enjoyed this class a lot and it improved my Spanish tremendously.
